Test Instructions :

Student's Please follow the provided guidelines to maintain a fair and transparent testing environment

Solo Effort: The exam is designed to evaluate your individual understanding and skills. Collaboration with others, copying, or using unauthorized aids is strictly prohibited.

Environment Check: Ensure you are in a quiet and distraction-free environment. Close all unnecessary applications, windows, and browser tabs before starting the exam.

Technology Restrictions: Do not use any external applications, software, or devices during the exam. Running background processes or accessing other websites may result in penalties.

Honesty Pledge: Before beginning the exam, affirm your commitment to academic honesty. Any attempt to cheat or plagiarize will be taken seriously.

Time Management: Manage your time wisely. The exam is structured to allow sufficient time for completion. Avoid rushing and double-check your answers before submission.

Browser Lockdown: Do not open additional browser windows or tabs during the exam. The system is designed to detect and prevent such actions.

Proctoring: The exam may be monitored through various means, including but not limited to webcam and screen recording. Follow all instructions provided by the examination platform.

Submission Reminder: Save your progress regularly and submit your answers before the allotted time elapses. Failure to submit on time may result in incomplete grading.

System Time: Please make sure your system time is accurate to ISD time. If not, you may see the test closed.

Remember, maintaining integrity not only reflects on your academic character but also contributes to a fair evaluation process. Violation of these guidelines may lead to disciplinary action.

All the best!
